

Medea Super Lube

015 002 2cc Super lube

015 001 10cc Super lube

1 Identification

Product identifier

Trade name: Medea Super Lube

Product description: Lubricant

Details of the supplier of the safety data sheet

Manufacturer/Supplier:

Iwata-Medea

1336 N Mason Street, Portland, OR 97217

info@iwata-medea.com

503-253-7308

2 Hazards(s) identification

Hazard pictograms:

Signal word: Irritant

Hazard statements:

This product is not a carcinogen or potential carcinogen as defined by OSHA, the NTP, or LARC Monographs.

3 Composition/information on ingredients

Chemical characterization: Not available
CAS No. Description: Not available

4 First-aid measures

Description of first aid measures

After skin contact: Wash with soap and water

After eye contact: Flush with plenty of water

After swallowing: Do not induce vomiting, if symptoms persist contact physician

5 Fire-fighting measures

Flashpoint: 445 F-520 F

Flammable Limits: Ignition 840 F

Extinguishing Media: 1 Dry Chemical, 2 Foam, 3 CO₂

Special Firefighting Procedures: Standard Firemans Precautions
Protection and self contained breathing apparatus are recommended.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures:

Environmental precautions:

See Section 7 for information on safe handling:

See Section 8 for information on personal protection equipment

See Section 13 for disposal information

7 Handling and storage

Precautions for safe handling: Store in closed containers. Protect from contamination with foreign materials. Do not transfer into unmarked drums.

8 Exposure controls/personal protection

Personal protective equipment: No respiratory protection or ventilation is required under normal conditions. Safety shower and eye wash station should be provided.

General protective and hygienic measures:

Breathing equipment:

Protection of hands: Chemical resistant gloves should be worn.

Eye protection: Safety goggles should be worn.

9 Physical and chemical properties

Boiling Range: N/A

Vapor: Heavier than air

Density: 8.1-8.6 LBS/GAL

Specific Gravity: 0.963

Evaporation Rate: Slower than ether (ignition temperature 840 degrees)

Solubility in Water: Negligible

Appearance and Odor: Liquid- Mild Odor

Percent Volatile by Volume: Nil

10 Stability and reactivity

Chemical stability: Stable.

Possibility of hazardous reactions: None are known.

Conditions to avoid: Keep from contact with oxidizing materials;

Hazardous decomposition products: . Products of incomplete combustion can include; CO, CO₂, and dense smoke.

11 Toxicological information

Information on toxicological effects

Acute toxicity: None known

Primary irritant effect:

Prolonged exposure to skin and eyes can cause irritation.

Additional toxicological information: None available

12 Ecological information

Persistence and degradability: Not available.

Aquatic toxicity: Not available.

Additional ecological information: Not available.

13 Disposal considerations

Recommendation: Not available.

14 Transport information

UN-number: Not regulated

UN proper shipping name: Not regulated

Transport hazard class: Not regulated

Special precautions: Store in closed containers. Protect from contamination with foreign materials.

15 Regulatory information

Carcinogenic categories: This product is not a carcinogen or potential carcinogen as defined by OSHA, the NTP, or LARC Monographs.

16 Other information

Abbreviations and acronyms: Not applicable.

Date of preparation/last revision: 4/30/15

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of this publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. The information in the sheet was written based on the best knowledge and experience currently available.
