

## IWATA IS 1000 Maxx Jet Compressor

1/6 HP • 2.5 Liter Tank

Working Pressure 1-60 psi

Spray Gun, Airbrush and accessories not included

**Ready to work**

**Ready to move**

Take your art on-the-go with Iwata Maxx Jet. This powerful airbrush compressor is built-into a convenient rolling-case that has storage space for your stuff. It is ideal when you need low to high output from 1-60 psi. The dual manifold air compressor is set up to operate one airbrush and one mini spray gun such as Iwata Eclipse G Series and RG-3.

Iwata Maxx Jet is equipped with a pressure gauge that displays the tank pressure in the 2.5 liter air storage tank and the gauge on the regulator displays the working pressure. The moisture filter traps condensation within the cup delivering clean, dry air. Using the adjustment levers on the manifold, you can independently regulate the air pressure to each air hose, giving you total control. Auto shut-off technology enables the compressor to shut itself off when not in use. This feature upgrade is known to lengthen the life span of the compressor motor because it reduces the workload of the motor over time. The powerful two pole 1/6 hp motor is oil-less, has a 2.5 liter air storage tank and stays cool with the built-in internal cooling fan. The air intake filter protects the motor from dust and particulates and is designed for easy-access filter cleaning. The protective travel case includes a convenient retractable handle. The detachable top opens a handy storage tray and the case contains two built-in storage drawers. Turn the unit on and off with a convenient switch mounted into the outer case and when you are finished you can detach the power cord for convenient mobility.

- **1/6 hp, two-pole Motor (Twice the RPM's of the Power Jet)**
- **Low to Medium Pressure Category**
- **Working Pressure 1-60 psi**
- **Maximum Pressure 60 psi**
- **Auto Shut-off and On and Off Switch**
- **Pressure Regulator & Gauge With Dual Manifold**
- **Moisture filter**
- **Convenient Rolling-case w/storage Tray on rollers with handle**
- **Built-in airbrush/Spray Gun holders**
- **Smart Jet Technology**
- **Produces full-capacity air on demand**
- **Inherently quieter in public environments 72 db**
- **Built-in internal cooling fan.**

Includes: Max Jet Compressor, 2 Straight Air Hose, Extra Air Intake Filter, Adapter Kit (for other brands of airbrushes), and manual

## IS 1000 Maxx Jet Specifications:

<b>Pressure Category</b>	Low to Medium
<b>Compressor Type</b>	Double Piston
<b>Horse Power</b>	1/6 HP
<b>Voltage Requirement</b>	110 - 120V 60 Hz
<b>Plug Type</b>	<u>B - 3 pin w/Ground</u>
<b>Approved Region</b>	North America
<b>Amps</b>	2.10 A
<b>Wattage</b>	250 W
<b>Air Flow @ 60 PSI CFM</b>	1.41 CFM
<b>Air Flow @ 60 PSI LPN</b>	40 LPN
<b>Max Pressure psi</b>	60 psi
<b>Max Pressure MPa</b>	0.41 MPa
<b>Working Pressure psi</b>	1 - 60 psi
<b>Working Pressure MPa</b>	0.01 - 0.41 MPa
<b>Decibels</b>	72 dB
<b>Auto-Shut-off</b>	Yes w/On and Off Switch
<b>Air Storage Tank Capacity</b>	2.5 Liters
<b>Pressure Regulator &amp; Gauge</b>	Yes w/Dual Manifold
<b>Moisture Filter</b>	Yes
<b>Net Weight lbs</b>	33 lbs
<b>Net Weight kg</b>	15 kg
<b>Assembled Dimensions in</b>	23 x 13 x 14 in
<b>Assembled Dimensions mm</b>	584 x 330 x 356 mm
